To all:

I would suggest that we ask the VCC to start the process and if any BoS members know any interested people, then they should get them to volunteer. I will raise this at our next BoS meeting on Monday evening. john can you make this an agenda item under selectmen's business?

Thanks

Peter

John:

There is one vacancy and here is what Josh said:

We'd appreciate your help soliciting the next board member. There are four specified areas of expertise and currently they are all fulfilled, so we have a lot of latitude in choosing the next one. We'd strongly prefer to have someone with deep commercial/industrial and/or retail real estate development experience.

Peter
