Kelley's Corner Cmte:

Across-cut walk to Commonwealth Avenue in West Concord yesterday was serendipitous beyond imagination.

The former, smaller space, somewhat overgrown, gravelly, had become a thing of beauty, imaginative, creative construction, an inviting, restful space, lovely planting. I was enchanted.

My instant reaction was ENVY! I wanted that for our Kelley's Corner, by that or an equally gifted design/construction team.

I urge each person, in any way or level, ~~to~~ connected with the committee, to visit that enviable space.

At what level are our plans for the Corner?

Sincerely,

Dale Hofmann
