Plan For
Request For Determination of Applicability
to Acton Conservation Commission
prepared by Ray Lyons
with assistance from Bern Kosicki
September 6, 2013
Updated October 1, 2013

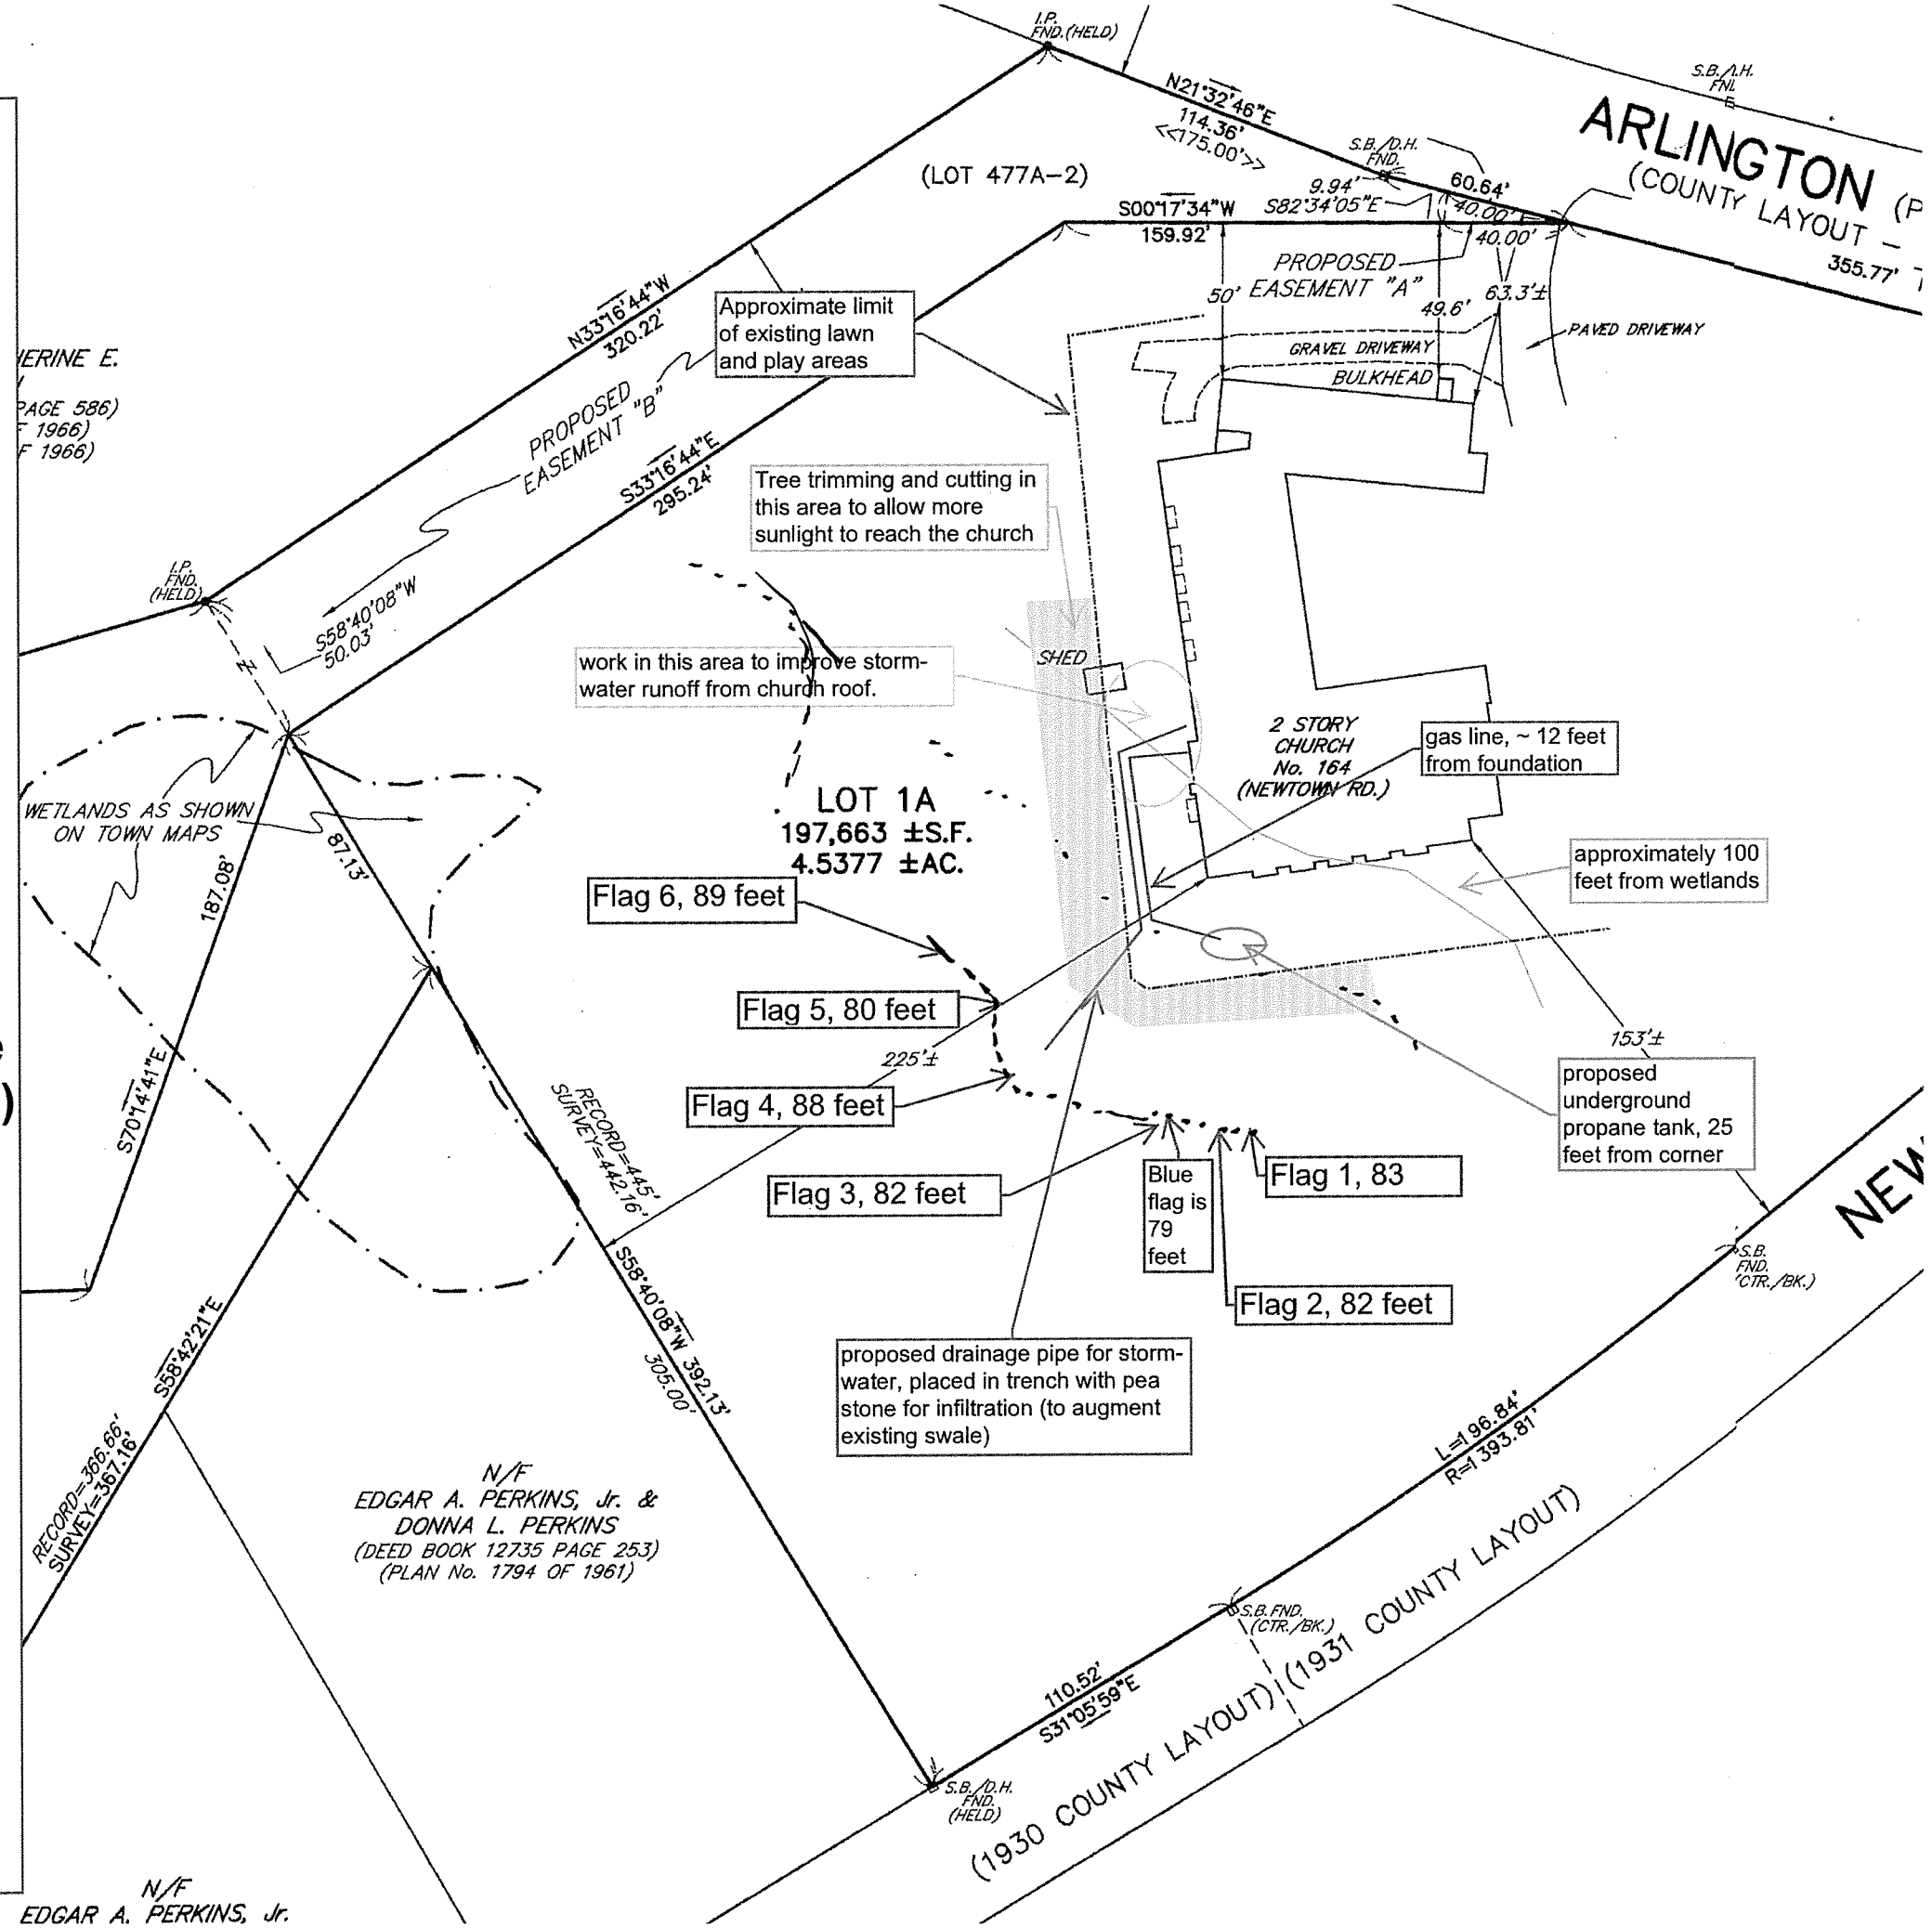
Notes:

1. This plan shows 7 wetland flags, 6 pink, one blue

2. Distances to each flag are from the church's southeast corner

3. Pale blue line shows the approximate limit of the wetlands buffer area (and the Conservation Commission's jurisdiction)

4. Orange outline shows areas where trees will be cut to improve ventilation and allow sunlight to reach the church and play area

5. Green outline shows where new propane tank will be installed.


6. Purple outline shows area where existing play area will be modified or removed to allow storm-water to flow away from the church's foundation.
