Mr. Niemyski,

With a renewed national focus on energy, an estimated 45 proposals for new LNG import terminals in the United States-more than the current world total-and Canadians, as well as U.S. environmentalists, concerned about proposals for a terminal on Passamaquoddy Bay, this is a timely topic. At our December 5 & 6 conference on LNG Development in the Northeast, program co-chair Randolph Q. McManus will talk about "LNG and its Rising Demand." Craig Francis, general counsel for the Passamaquoddy Tribe, will discuss "Tribal LNG Projects." The conference will be held at the Hyatt Regency Boston.
