Subject: Attn: Scott Mutch Re:The Meadows and ZBA Hearing

Hi Scott,

Holly Ben Joseph, the DRB Chair asked me to contact you
regarding the Meadows project since she has work deadline today.

This project appears to have changed considerably
since the DRB issued its review memo.
The architect has changed as have the house plans.
Previously, we reviewed a mix of Colonial and Greek Revival
style plans. More importantly, we reviewed how these house types
interact with the site-their elation to roads, sidewalks, setbacks, porch types, etc, etc.)
and each other. We also reviewed plans
that had one-story two car garages which we suggested be
reduced to 1/12 car size to relieve the site density and distances between houses;
and to be more affordable. Apparently all of the above has changed.

Given the changes, the DRB respectfully asks that you request the ZBA
to continue the hearing beyond the 4/8/2013 date until the DRB can issue
a new memo on the latest plans which we could do at our next meeting.

Thank you for you attention to this matter.

David Honn
DRB Member
