My concern is the proposed parking on High Street in Maynard. High St is a narrow, quiet, dead end road that has numerous families with children. There are already numerous cars that traverse the street at inappropriate speeds due to not realizing it's a dead end. I feel that having parking on the street will only add to the congestion & danger. The Clock Tower Lot is NEVER full & can provide ample parking. There are also homes on High St w/out driveways & those people need parking too.
