THE DEVELOPMENT PHILOSOPHY: STYLE & CONVENIENCE

Nestled in the heart of North Acton, Madison Place was designed with style and convenience in mind.

The time-honored appeal of cape-cod style architecture was implemented in the design of each duplex. Pairing only two town homes maximizes the benefits of the condominium lifestyle. Enhanced privacy and sunlit rooms translates to "End-Unit Designs" traditionally commanding greater re-sale value on the market.

The interior space provides for over 2,000 square feet of living area not including finished lower level options that can increase the home to over 3,000 square feet. Along with the standard activity areas, designs feature first floor master suites and laundry rooms, two additional bedrooms, two full baths and a powder room. Each design offers the added convenience of attached 2-vehicle garages and full basements, many of which provide for walkout access.

Designs employ the concept of "open flow." Kitchen, dining and great rooms are clearly defined yet blend seamlessly into a large, welcoming environment. Second story open lofts and cathedral ceilings in the great rooms and master bedrooms amplify this effect. With the majority of activity areas located on the central floor the designs effectively provide for the highly sought after convenience of "single-story living."

The condominium lifestyle at Madison Place provides for a maintenance-free and distinctive standard of living. Without the added expense of auxiliary amenities, the monthly condominium fees are ensured to remain sound and provide for the services required such as landscaping, exterior home and septic maintenance, and removal of rubbish and snow. The Madison Place Rules and Regulations preserve the aesthetics of the village and aid in creating a source of cooperation among the members of the community. A Homeowner's Association acts to oversee these services and is assisted by a professional management company. At completion of Madison Place the Association will be turned over to the members of the village to govern.

Madison Place blends the benefits of historic and modern in location. Bordered by the picturesque town center, the village is moments away from the Town Hall, Library, Community Playground and Arboretum. This location also serves as an example of the "smart-growth" philosophy for residential development by providing for reduced commuting and easy access to town facilities. Recreation opportunities such as community parks & trails, fitness centers, riding stables, skiing and a golf and country club are minutes away. For all your shopping needs there is a plentiful assortment of plazas along with fashion and gift boutiques, art and furnishings galleries and salons. Almost any service is moments from your doorstep whether a package is to be mailed, a pet to be groomed or the taxes to be filed! Aside from these direct conveniences Madison Place is a prime location with access to Routes 27, 111 & 2. The village is approximately 25 miles northwest of Boston and within close proximity to commuter trains, Routes 495 & 128.

Madison Place is a small village community designed to bridge the needs of today's lifestyles by providing traditional charm, everyday essentials and market value.
