**ACTON PUBLIC HEALTH NURSING SERVICE
MEMORANDUM**

TO: BOARD OF SELECTMEN
FROM: ACTON PUBLIC HEALTH NURSING SERVICE
SUBJECT: DONATION OF A CARDIO-CHECK MONITOR
DATE: 6/18/2003

This is a request for the the Board of Selectmen to accept the donation of a CardioCheck Monitor by the Friends of Acton Nursing Service (FANS) to the Acton Public Health Nursing Service. The value of the monitor and supplies is \$1146. The generous donation of this gift will enable the Nursing Service to provide the highest standard of care in providing a full lipid screening, including Total Cholesterol, HDL,LDH and Triglycerides. This enhances our current capabilities of only testing for Total Cholesterol and HDL. With the additional testing, we will be able to better council patients on appropriate interventions to improve their health.
