**INTERDEPARTMENTAL COMMUNICATION**

---

**To:** Board of Selectmen **Date:** July 29, 2003  
**From:** Garry A. Rhodes, Building Commissioner   
**Subject:** Site Plan Special Permit #05/24/02-381  
452 Great Road Workers Credit Union (Shupert)

---

Workers Credit Union is requesting a minor change to their plan. They are requesting permission to revise the drainage based on field conditions. I have reviewed the requested change with the Engineering Department and they do not have any concerns. I do not have any objections if the Board grants the request as long as the change is reflected on the final asbuilt plan.

Re: 452 Great Road  
Site Plan Special Permit #05/24/02-381

Dear Mr. Rhodes,

On behalf of our client, Workers Credit Union, we hereby request the approval of a field change to the referenced Site Plan. The Site Plan Special Permit required the reinstallation of a trench drain in the rear parking lot. Workers Credit Union would prefer to replace the existing 6" pipe with an 18" ADS N-12 pipe and not install the trench drain. The site contractor will repave the parking lot in order to achieve proper drainage to the proposed sediment trap.

We feel that a properly graded parking lot will provide adequate drainage in this area without the chronic maintenance needs associated with a trench drain.

Thank you for your time in consideration of this matter. Please call our office if you have any further questions.

Respectfully yours,

Stamski and McNary, Inc.
