Don,

I'm sending you this so you can see what else goes on when the power goes out. If you want to show it to the Board of Selectmen that's fine because I redacted the document.

There were an estimated 100 calls to dispatch to find out why the power was out and when it would be turned back on. Obviously we don't have the capacity to log those calls while everything else is being handled.

Maryjane, mention this to Don in case he is not on his e-mail today.

Thanks,
Frank

Frank J. Widmayer III
