Subject: Correction to Manager Search Committee listing

Maryjane,

In reviewing the sheets listing committee etc. members that was in the weekend Packet I notice that my name is listed (page 9) as a member of the Town Manager Screening Committee. I did ask to have my email address included in the shell for that Committee but I should not be listed as a committee member there, please strike that out, but don't have Mark change my inclusion in the shell address for that committee. Thanks.
