

**PUBLIC MEETING NOTICE**

**TRAFFIC IMPROVEMENT STUDY**

**MAIN STREET (RTE. 27) AND HAYWARD ROAD**

**Wednesday, October 10, 2007, 7:00 PM**

**Faulkner Room (204)**

**Town Hall**

**472 Main Street**

**Acton, MA**

**The 2007 Acton Annual Town Meeting voted funds to study the Hayward Road and Main Street Intersection. The Town has retained the firm of Howard/Stein-Hudson, Inc., A Transportation Consulting Firm, to guide this study. The study focuses on the Hayward Road and Main Street Intersection and extends to intersections and neighborhoods along Main Street from Route 2 to Brook Street.**

**THIS STUDY CAN NOT BE DONE WITHOUT THE INPUT FROM THE USERS OF THE INTERSECTION AND THE RESIDENTS IN THE SURROUNDING NEIGHBORHOODS!**

**This is your opportunity to truly participate in the process. Come express your concerns about the intersection. Tell us how the intersection affects your commute, your safety and your property. Your ideas will help determine what alternatives will be considered for improving this intersection and what impacts should be considered in the evaluation. Call the Acton Engineering Department (978-264-9628) for additional information.**
