Subject: Request for extension of Hours, Icabod's Restaurant

Steve,

I received a request from the owner/manager of Icabod's who were recently granted an All Alcoholic Beverage as a Common Victualler by the Board.

Mr. Zahr would like to be sure he abides by the rules and asked that he be allowed to stay open to 12:00 A.M. to accommodate a Last Call of 11:00 or 11:30, as currently, all beverages must removed from the tables and no additional liquor can be served after 10:00. He is trying to build his business and feels that this may attract diners who may want a late evening Bite and Drink. Granting this request falls under the authority of the Local Licensing Authority (Board of Selectmen).

I would like to place this under Consent at the April 28th Board Meeting if you agree.

Mr. Zahr has not begun serving Alcoholic Beverages at this time while he works with menu changes and

Chief Widmayer has opined "has no issues with the Extended hours".
