Subject: Sidewalk Committee Recommendations

Hi, Steve and Bruce. The sidewalk committee last night decided on a priority order for six sidewalk projects. They are:

- 1) Central Street (201 to 156)
- 2) Lower Prospect
- 3) Route 2A (Davis Road to Main Street)
- 4) High Street (30 - 46)
- 5) Main Street (PO Square to 2A)
- 6) High Street (#77 to Parker)

We will be presenting this to the BoS on June 9th for their decision but I wanted you to see them as soon as possible.

I am currently drafting an article for the Beacon that will come out on Thursday, June 5th.

We will also be drafting a report for the BoS summarizing our work and our rationale for these projects. I would like to have this report on the town's website before June 5th, if possible. That way if people have questions after they read the Beacon article, they will be able to find more info on the web. I would also like to post all of our criteria sheets at the same time and the engineering cost report, if possible.

If we get this info to the IT staff by Tuesday, June 3rd, can we have it posted by Thursday?

Thank-you.

Paulina:

You are scheduled for a presentation to the Planning Board on July 8 at 8:15 PM. The new hearing on Quail Ridge precedes at 7:45 PM, but the scope of this first session is rather limited. Greg hopes to keep it reasonably on schedule. Let me know if this time works for you.

Regards -

Subject: Sidewalks

Hello, Greg and the rest of the planning board. The Sidewalk Committee has completed it's task for Fiscal Year 2008 by creating a prioritized list of sidewalk construction projects. The BoS has approved the list. If you like, I could come and present the results of the Sidewalk Committee's work to the Planning Board.
