In the summer of 1967, the newly-born hippie movement was gathering around the city of San Francisco and with it, local bands were quickly formulating a unique sound. Our Summer of Love concert will feature hits from The Doors, Frank Zappa, Sly Stone, Jefferson Airplane, Grateful Dead, CCR, and Bob Dylan. "In the House" was created as a Heavy Groovin' House Rockin' (yet soulful) Party and Dance Band. In The House has been performing at Clubs, Concerts and Events

throughout New England and New York since 1998! Performing the Best R&B, Motown, Reggae and Latin/Dance Rock of the 60's through today including the music of Stevie Wonder, Earth Wind and Fire, Aretha Franklin, Santana, Bob Marley, Outkast and No Doubt, In The House guarantees to Bring The House Down! One Big Family! Not just another band like the rest! Website:
