**Subject:** Fall faire! Craft Show signs

I am writing to request permission to put a sandwichboard sign on the green in Acton Center for the Fall Faire Craft show which will be held at the nearby Acton Congregational Church.

The sign is the same one that was used and approved last year with the exception of the date which has been changed from november 22(last year) to November 21 (this year).

Thank you for your consideration.

Annette M. Lochrie
