Re: 420 Great Road

I certify that I have observed the work associated with the replacement of the culvert at 420 Great Road and that to the best of my knowledge, the work has been done in conformance with the OOC issued by you and the related plans with the provisions of the Massachusetts State Highway regulations and all other pertinent laws and the ordinances.

Additional work was performed to reinforce the cracked headwalls with rebar and 20" thick 3000PSI concrete in the backfill above the drain pipe. I certify that this reinforcing meets the requirement to support HS20 vehicles.
