RE: Special Permit Application
Craig Road, Acton, MA

Dear Members of the Board:

As you are aware, this office represents SBA Towers II, LLC regarding a proposed wireless telecommunication facility to be located at 5-7 Craig Road in Acton, Massachusetts.

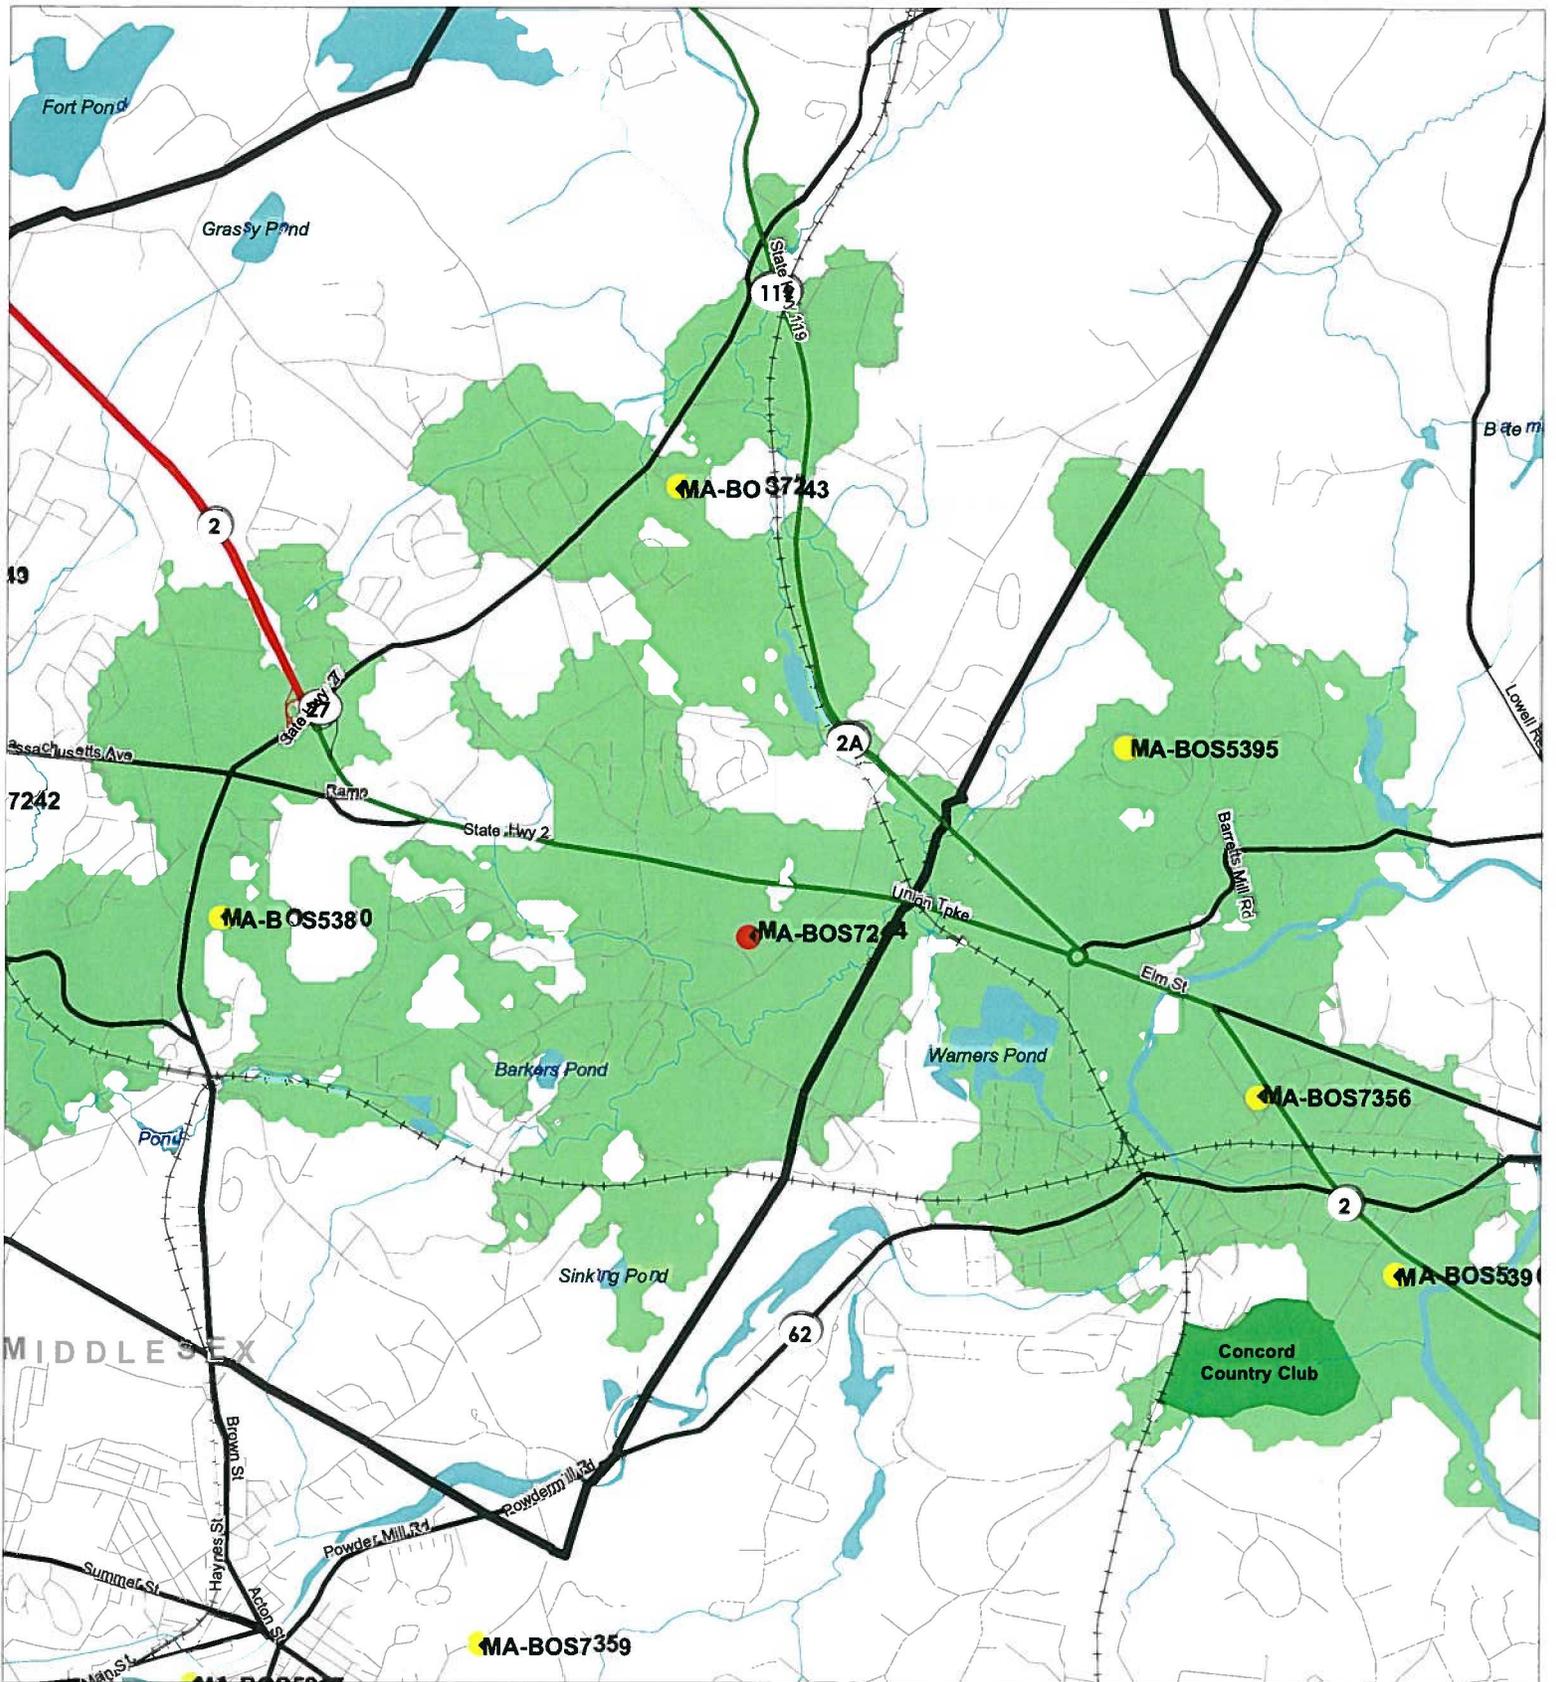

Attached to this letter please find a twelve (12) copies of supplemental coverage maps prepared by Clearwire New England. The coverage maps show the area coverage with the tower as proposed (including existing or anticipated coverage from surrounding sites), area coverage without the tower as proposed (but including existing or anticipated coverage from surrounding sites), and the coverage area provided by the tower without the surrounding sites. In addition, per the request of Mr. Maxson, the final map shows the coverage comparison for heights of 160', 135', and 100'. An RF Engineer from Clearwire New England will be available at the March 16th hearing to discuss these maps in more detail. Please contact me if you have any additional questions or comments. Thank you in advance for your time and consideration.

Sincerely,
Deschenes & Farrell, PC

Kevin S. Eriksen
