Re: 10 Breezy Point Way  
DEP 85-451

Dear Commission Members:

This letter is to serve as my certification that based on visual observations made on March 11, 2010 that to the best of my knowledge, information and belief the site construction at 10 Breezy Point Way has been constructed in accordance with the Order of Conditions. WPA form 8A has been enclosed.

The soil absorption system is located up the driveway and away from the house and we recommend that the area be maintained as meadow grass by periodic mowing during the growing season to limit its clogging by roots.

Please call if you should have any questions or if we may provide you with additional information.

Very truly yours,  
Mark T. Donohoe, PE
