Dear Planning Board,

We would like to have it noted for the record that many, many of the items that the applicant promised to have submitted to the Planning Board one week prior to the meeting are still not available for the public to look at and consider. We know that the neighbors asked for this courtesy and the Planning Board agreed that the applicant should provide their materials with enough time for busy citizens to consider and comment. In this case that courtesy has been denied us.

Sincerely,

Jim and Kathy Quinn
