Dear Members of the Planning Board,

The HDC discussed the 57 Robbins Street project at our meeting last evening, and voted to submit written comments for the Public Hearing next week. We understand that the project falls outside of the districts and thus our jurisdiction. However, since the proposal involves destruction of a historic barn, we are providing comments on an advisory basis. Ronald Rose from the Historic District Commission will be both submitting a memo on behalf of the HDC and attending the hearing. If possible, he would appreciate a few moments at the hearing to discuss HDC comments on behalf of the Commission.

Please feel free to call or e-mail if you have any questions. Thank you for your work and service to the Town of Acton.

Best wishes,

Kathy Acerbo-Bachmann
