Hi Kirk

I apologize about the delay in getting back to you. Things in Hawaii took an unexpected turn this past weekend.

Thank you for your email and inquiry. I appreciated the opportunity to speak with you at the Conservation Committee meeting on Wednesday, March 2nd. Because we value the privacy and tranquil setting of our neighborhood, we are not interested in selling our land at the end of Henley Road. I am concerned about the effects this project will have on the subsurface and surface hydrology of this area. However, I would be pleased to offer my expertise as you continue with the planning process and can meet you for the site walk at your convenience.

Best regards,

Mike
