Re: 95 Newtown Road
DEP 085-1061

Dear Commission Members:

The purpose of this letter is to request that the Commission continue the hearing for 95 Newtown Road until the date of your scheduled meeting on April 20, 2011.

The purpose of the continuance is to allow our wetland consultant to demarcate the bordering vegetated wetlands along the southerly property line as it appeared to be "more jagged" than shown on our plan.

If it is found that the demarcated wetland requires the driveway and/or house to be altered to maintain the 75 foot offset between structures and wetlands the necessary adjustment will be made.

Thank you for the considerations given to this matter.

Very truly yours,
