Andrea-

Sorry, my mistake – Yes the new NOI is a separate filing.
I just checked the DEP web site and it has not been assigned a number yet.

Please consider this a request to continue the Acton Conservation Commission Public Hearing on the MBTA Fitchburg Line Improvements Project Notice of Intent for Acton Small Starts Trackwork and Fiber Optic Cable Installation until July 20, 2011.

Thank you Lars,

Please verify....as submitted, this NOI does not appear to be an amendment to 85-1038. This is a new NOI, so it would not maintain the same DEP file number as the previous OOC. Therefore, it will be assigned a new DEP file number with a new OOC allowing three years from issuance (hopefully today 6/15/11). I have not received notification from DEP as of yet for new file number; not uncommon, hopefully we will receive it soon.
