Hi Clare,

I hope that horse use will not be overlooked or banned out right. We have plenty of soccer fields and community garden space. I hope that the roads around the field will be open to horse use and an not paved over and only open to people and dogs. Pavement is too slippery for the horses with metal shoes. Also a dirt road costs less to maintain and no expense to pave it. Horse people will be respectful and come clean up any mess. As you can guess, the horse people will be folks from our farm. We cherish our trails and will do anything needed to keep them.

Regards,
