Hi, Bettina:

You asked Kim three question based on the proposed plan:

1. Is there no sidewalk proposed within the residential compound?

A: No sidewalk is proposed in the residential compound.

2. Is it the developer's proposal to build a sidewalk along Arlington Street from the proposed Duggan Way easterly to connect with the current sidewalk end?

A: Yes, that is a correct reading of the plan.

3. Will the design of the sidewalk be with cape cod berm and bituminous concrete surface?

A: Yes. the plan show these specifications, which are consistent with the materials and design of the existing sidewalk.

Best -
