RE: Quin Land Licensing

Dear Mr. & Mrs. McConnon,

It has been several months since the Commission sent a License agreement form to you for your consideration. We expected to hear from you much sooner than this, as the summer is nearly over.

The Commission is anxious to finalize this agreement, as I'm sure you are. We must receive a final approval from you by September 5, 1981 or we must assume that you no longer wish to use the land. If the latter is the case, by September 5, 1981 all structures which have been erected must be removed.

Please feel free to contact the Commission if you encounter any problems, or have questions. Feel free to contact our Chairman, Mr. Charles Freeman, at 894-2400 XX 257 as I will be on vacation during this period.

Sincerely,

*Beth McCurdy*
