Re: DiRe, 6 Hatch Road
DEP 85-920

Dear Commission Members:

This letter is to certify that the repair to the subsurface sewage disposal system serving the DiRe residence at 6 Hatch Road has been completed.

There is a small area with sparse grass. The area is at the top of the system and is expected to become fully vegetated next spring. The area being at the top of the system will not be subject to erosion.

The silt fence will be removed once the Certificate of Compliance is issued.

WPA Form 8A is attached.

Please inform us if we may provide you with additional information.

Very truly yours,

Mark T. Donohoe, PE
