Project Name: Memorial Library window restoration

Project Location/Address: 486 Main Street

Amount Requested: \$ \$12,000

Project Summary: In the space below, provide a brief summary of the project.

Restore 18 original wood windows in the attic area and the fireplace room of the 1889 wing of the Acton Memorial Library. This project would result in the windows being both preserved and operable. This portion of the building was originally designated as the meeting space for the Grand Army of the Republic, and is now used for quiet study and is adjacent to the Civil War museum.

The quotes are from the contractor presently restoring the windows in the Faulkner Room at Town Hall and the large arch window at the north end of the 1889 wing of the library. New quotes will be solicited prior to awarding the work.
