June 12, 2012

Board of Selectmen
Acton Town Hall

Members of the Board,

I request consent to dispose of a loveseat and four upholstered armchairs from the upper floor of the library. They were purchased when the library was renovated in 1999 and have become badly faded and worn through heavy use.

In addition, I would like to dispose of three bentwood rocking chairs, which AML took when the Council on Aging offered them six or seven years ago. They are rarely used and we need space for another study table.

Thank you for your consideration of this matter.

Sincerely,

Marcia A. Rich, MLS, MBA
Library Director
