---

Kim,

I don't remember seeing this proposal. Please note that by Board of Health regulations the proposed lots must have public water. There is a variance procedure but no variance has been requested nor approved.

Doug

Hi Pat,

I apologize, I have forgotten to keep you within the link.

We have received revisions to the Central Street PCRC application and was wondering if you were able to look at them and make any comments for our upcoming Planning Board meeting prior to Tuesday night.

I have also attached Bob Craig's comments from his review back in April 2012.

Please don't hesitate to contact me if you need copies.

Have a good weekend

Thanks

Kim
