Axe Brothers Tree Service & Land Clearing  
PO Box 1782  
Acton, MA 01720

Dear Charles and Jacob Abraham,

I thank you for coming before the Economic Development Committee on 10/04/2012 to discuss your violation situation with the Zoning Bylaw. We concluded that the Bylaw prohibiting the sales, service and storage of heating fuel was not intended to be applied to firewood. As you are aware from your participation at the 10/16/2012 Planning Board meeting, the EDC fully supported the agreement by the Planning Board and the Planning Department to have the Bylaw amended to allow firewood specifically as an exception to these prohibitions. This support was voiced by Derrick Chin, the Planning Board liaison to the EDC. The Planning Department and the Planning Board will craft an amendment for voting at the next Town Meeting in April 2013.

Regards,

Nancy Dinkel  
EDC Committee Chair
