Roland Bourdon
Chairman, Acton Community Preservation Committee
472 Main Street
Acton, MA 01720

Dear Chairman Bourdon,

I'm writing you in support of the application for Community Preservation Act funds for Morrison Farm. This project has much to offer the Town of Acton – drawing attention to Acton's important role in history while also providing valuable open, recreation space. This project also provides Acton with a chance to make a positive statement about facilitating recreational opportunities for all of its residents. Twenty years ago, such a project may not have fully considered the design elements necessary to be all-inclusive. However, with the recent construction of the all-accessible Miracle Field at NARA Park, Acton has shown an exemplary commitment to serving all of its residents. The Morrison Farm project is a great opportunity to continue this commitment as indicated in the initial plans. Therefore, I respectfully ask that the Community Preservation Committee support this commitment by supporting the Morrison Farm project.

Sincerely,

A handwritten signature in blue ink that reads "Lauren Richardt". The signature is written in a cursive, flowing style.
