Just make sure they contact us when it's time to plan for the work and the details.

Det. Prehl is the contact person for that.

Hi Frank,

Just as another heads up, in addition to night work another item that may be important to public safety are the staging areas and/or police detail for the proposed curb cut onto Mass Ave. (although I am not sure to what extent the process will be worked through MassDOT.)

Please let us know if you have any comments relating to those noted above or others we are not aware of.

Thank you so much.
-Kristen

Kristen,

What are the hours they are planning to do that? It shouldn't be a problem unless there are residences nearby. They may be able to schedule those areas earlier in the day.

Regards,
Frank

Hi Frank,

I hope you had a nice weekend.

I just wanted to send a reminder about comments on this site plan below. They are planning on doing some night work (specifically paving) and we wanted to know if you had any concerns that should be brought up during the hearing.

Thank you,
Kristen

Forgot to mention the Site Plan Amendment is also for 291-307 Main Street. It's both sides of the plaza.
