***INTERDEPARTMENTAL COMMUNICATION***

**To:** Planning Department

**Date:** July 15, 2013

**From:** Engineering Department

**Subject:** 102 Main Street – Proposed stairs

---

We have reviewed the application for the proposed stairs to 102 Main Street and have the following comments:

1. The proposed stairs does not appear to be on any recorded easements.
2. Portions of the property are in the 100-year flood zone but the proposed work appears to fall outside of the flood zone.
3. The proposed addition does not appear to require a street cut permit since no work will be done within the right-of-way.

If there are any additional questions or comments, please let us know.
