Thank you for building the trail! Please preserve the nature, history and beauty of the trail.
① Use ADA compliant crushed stone, not asphalt, between Maynard and the Assabet River Nat'l Wildlife Refuge. ② Don't destroy a beautiful wooded area to build a paved DPW parking lot. ③ Don't build a 16 foot wide bridge. ④ Preserve old stone fence features.
I enjoy biking this trail and love the simple, natural look along the River. It is OK to keep that section natural and pave the stretch of trail between Maynard + Acton which is more urban.
