Subject: Meeting / field use

Hi Bettina,

May I request that we change the meeting to discuss Hybrid issues from Sept 4th to Sept 18th? Both Wick and I will be out of town on the Sept. 4th.

The grass has come in beautifully in the seeded field next to the barn (woohoo!). We have allowed a few of the horses to graze this past week now that it has been established but wondered if we had to get permission to do that first? If so, would someone be able to come by and check out the field and let us know if we can use it for grazing?

Thanks!

Rita & Wick McConnon
