**Subject:** Colonial Chevrolet - 171 Great Road - Sign Special Permit Application

Dear Chairman and Members of the Planning Board,

I was asked to inspect the Colonial Chevrolet property (171 Great Road) with regards to a number of vehicles parked/stored in the portion of the property which provides access from Esterbrook Road. You can see from the photographs attached, that there are a number of vehicles which are still located in this area. I personally met and spoke with Mr. Brian Lafferty during a site visit late this afternoon (3:30pm) during which we had a very productive discussion as to what still needed to be done to "clean up" the area in question. Mr. Lafferty indicated that he would make every attempt possible to continue working on cleaning up this area and would bring updated photographs to tonight's Planning Board hearing for your review. If you would like for me to further re-inspect the property for compliance, I would be happy to do so. Please advise at your convenience.

Kim: Could you please add the attached photographs to DocuShare as well as the Planning Board Members packets for tonight's meeting.

If you have any questions, comments or concerns regarding this matter, please feel free to contact our office at (978) 929-6631, Monday through Friday (except for holidays) between the hours of 8:00 am and 5:00 pm. Sincerely,

Scott A. Mutch

A blue sedan is parked on a paved surface, heavily covered in fallen brown and orange leaves. The car is positioned in a wooded area with trees showing autumn foliage. The ground is also covered in a thick layer of leaves. The car's front end is visible, showing the headlights and a license plate area. The overall scene suggests a late autumn or early winter setting.
