

# New Trail at Robbins Mill Conservation Land

Acton's Land Stewardship Committee has constructed a new loop trail in the Robbins Mill Conservation Land, as well as a trail that accesses Carlisle's Ben's Woods Conservation Land.

This trail may be accessed from the Robbins Mill Recreation Field at the far end of Canterbury Hill Road or from the Spring Hill Conservation Land.

*Please note that these trails are not yet blazed.*

The Land Stewardship Committee is a volunteer committee of the Town of Acton responsible for the care of Acton's conservation lands.
