I'll leave the time assignment to Christine J, Keeper of Agendas. If the matter isn't ready for hearing on 1/27, it isn't ready, and the applicant presumably will know that. Thanks. Janet

Janet:

I should have a set time for the 27<sup>th</sup> before contacting the abutters. On the 13<sup>th</sup> the Board must open the hearing and immediately continue to the specific time on the 27<sup>th</sup>. Also, Jake should sign an agreement for the hearing continuation and extension of time for the decision deadline.

We cannot tell if the 27<sup>th</sup> would be enough of a continuation because we have so far not seen any additional information; therefore, cannot tell what if any questions it might leave unanswered.

Roland, Scott,

I assume you'll notify the abutters--Mr. Jones and counsel Dan Hill at least--about the continuance. Although Mr. Jones approached me a few weeks ago about alternatives to the 1/6 hearing date, official communications really should be through the usual channels and established procedures, meaning Planning. Thanks. Janet

**Subject:** Continuanace for special permit 10/11-13-445, 848 Main Street

Dear Members of the Board and to all it may concern,

I respectfully request a continuance for the hearing regarding a special use permit, # 10/11-13-445, to manufacture firewood at 848 Main St. The surveying is scheduled to be completed with percolation tests on January 7<sup>th</sup>. As of right now I am under the impression that once these are completed the process should move forward smoothly, therefore I am requesting a continuance until January 27<sup>th</sup> unless the planning department has a better suggestion. Sorry for the inconvenience of having to reschedule again, please feel free to contact me with any questions or concerns.
