Chief Widmayer,

In reading Dean Charter's Legal Notice regarding the removal of two large oak trees near 87 Taylor Rd, I must agree 100% with his assessment. Taylor Road is a highly traveled road in Acton and the two trees near number 87 Taylor are dangerously close to the roadway. These trees have even played a role in motor vehicle accidents in the past. It would be my recommendation to have them removed in order to ensure a safer roadway within our town. Please let me know if I can be of any more assistance on this matter.

Respectfully,

Greetings,

Attached is a legal notice for a Scenic roads hearing to remove two large Oak trees on Taylor road, just to the south of the entrance into Conant School. I feel that both trees impinge upon the roadway width of Taylor Road, and constitute a hazard to traffic. Taylor Road is heavily travelled by school buses, fire trucks, and highway equipment. One tree has already been struck repeatedly.

Any comments, and hopefully letters of support, would be greatly appreciated prior to the hearing on February 18.

Regards,

Dean
