Telephone (617) 522-5600

Mr. John Dowd  
Town Engineer  
Town Hall  
Acton, Mass.

Dear Mr. Dowd:

October 5, 1965

Enclosed is a proposed drawing of a regulator installation at Bulette Road, Acton.

The Boston Gas Company respectfully requests a permit to install the regulator in a buried vault with proper protective standards. The installation is necessary in order to bolster the pressure in our North District, so, if possible, we would be interested in starting construction as soon as possible.

If further information is desired, please contact Mr. McGonagle in West Concord and arrangements can be made for us to meet at the site and discuss the matter.

Very truly yours,

A handwritten signature in blue ink that reads "James E. Wagner".

James E. Wagner, Supt.  
North & South Districts
