ENGINEERING DEPARTMENT

JOHN T. CONDON  
TOWN ENGINEER

November 29, 1974

Theodore L. Freeman  
23 Washington Drive  
Acton, Mass. 01720

Dear Mr. Freeman;

In connection with your "Application for Permit to Construct within a Public Way" we inspected the location at 10 Huckleberry Lane (Lot 1) and found that the driveway entrances you have constructed have resulted in obliterating a Town road bound.

Section II-A-2 of the "Specifications for Regulating Construction within Public Ways" adopted by the Selectmen on February 4, 1969 requires that you have a registered land surveyor reset this bound and certify its location to us in writing.

Very truly yours,

David Abbt  
Assistant Town Engineer
