Dear Members of the Board and to all it may concern,

It has been recommended/ requested to me, by the Zoning Enforcement Officer, to ask for a continuance for the hearing regarding special use permit # 10/11-13-445 to manufacture firewood at 848 Main St. until after 4/28/14. I have no problems with this at all and would appreciate a hearing date at the next available meeting after 4/28. As usual, if there are any questions or concerns feel free to contact me.
