Dear Mr. Bongiorno:

I am writing concerning your "Permit To Construct Within A Public Way" #82-46. This permit is for your water service cut on Davis Road at Great Road. We recently inspected the final patching of this cut and found the work to be satisfactory. However, we have a concern with the possible settlement of this patch during the coming winter. We therefore propose for your consideration one of the following two options:

1. Hold the present \$500.00 bond through the winter and reinspect the patch for settlement next spring.
2. Conditionally release the \$500.00 bond at this time subject to an inspection next spring and correction of any settlement prior to the Building Commissioner issuing an occupancy permit for your building.

Please let me know your thoughts on this matter. I can be reached at 263-8808.

Very truly yours,

*Ralph W. Herrick*
