INTERDEPARTMENTAL COMMUNICATION

To: Planning Department

Date: May 15, 2014

From: Engineering Department

Subject: 5 Harvard Court – Proposed addition

We have reviewed the application for the proposed addition to 5 Harvard Court and have the following comments:

1. The proposed addition does not appear to be on any recorded easements.
2. The proposed work appears to fall outside of the flood zone.
3. It is unclear if the proposed addition requires a street cut permit. Any work done within the right-of-way of Harvard Court will require a permit from the town while any work within the right-of-way of Great Road will require a permit from the state.

If there are any additional questions or comments, please let us know.
