TOWN OF ACTON, MA 01720

DEPARTMENT OF PUBLIC WORKS

ENGINEERING

NOTICE OF INSPECTION

TO: Michael C. Mazzone

SUBJECT: PERMIT TO CONSTRUCT WITHIN A PUBLIC WAY # 86-79

LOCATION: Lot 16A Till Drive

DATE: March 24, 1987

THE FOLLOWING WORK REMAINS TO BE DONE:

The Engineering Department has been doing routine inspections to determine whether or not sufficient work has been completed to release the bonds that we are holding on certain permits. On a recent inspection of your site, we noticed that a large puddle has formed between your lot and the neighboring lot. It would be beneficial to you and to the Town if this problem could be straightened out before the subdivision is completed and accepted as a Town road. This would possibly involve re-grading of the lots, or connecting a pipe into the nearest street drainage structure to pick up the surface water in that area. If you have any questions, please feel free to contact me at 264-9628.
