DEPARTMENT OF PUBLIC WORKS
ENGINEERING

NOTICE OF INSPECTION

TO: Wellesley Corp.

SUBJECT: PERMIT TO CONSTRUCT WITHIN A PUBLIC WAY # 87-32

LOCATION: 27 Concord Road

DATE: April 28, 1988

THE FOLLOWING WORK REMAINS TO BE DONE:

The patch you installed over the water service connection does not constitute a permanent patch as required by section II-D-3 of the Town of Acton Specifications for Regulating Construction Within Public Ways. The temporary patch must be dug out, the edges cut back 1' along the line of construction, and a new patch installed. The new patch must be a minimum of 3" of bituminous concrete, and the edges must be sealed. A "skim-coat" over the existing patch will not constitute a proper repair.

If the work is not completed within 60 days, the Town will use the bond you posted to make the necessary repairs.

PLEASE CONTACT US WHEN THE WORK IS COMPLETED.
