SUBJECT: PERMIT TO CONSTRUCT WITHIN A PUBLIC WAY # 87-68

LOCATION: Pope Road at Wingate Road

DATE: April 28, 1988

THE FOLLOWING WORK REMAINS TO BE DONE:

The patch you installed over the fire alarm conduit does not meet the requirements of a permanent patch as outlined in the Town of Acton Specifications for Regulating Construction Within Public Ways, section II-D-3. The patch has settled and the edges are not properly sealed. It should be removed and replaced with a minimum of three inches of bituminous concrete. A "skim-coat" over the existing patch will not constitute a proper repair.

If the work is not completed within 60 days, the Town will use the bond you posted to make the necessary repairs.

PLEASE CONTACT US WHEN THE WORK IS COMPLETED.
