Dear Jennifer Shea:

Your letter dated February 5, 2001 to Roland Bartl, Town Planner, requesting release of the performance deposit for Permit to Construct within a Public Way #98-89 was forwarded to this department for action. This permit was issued for a water service connection to the Concord Place Subdivision. We inspected the work about a year ago and reported that the patch over the water service was a temporary patch. Attached is a copy of our memo dated December 1, 1999. It was apparent during recent survey work that we conducted on Concord Road that the temporary patch has never been replaced with a permanent patch. Northwest Excavating will have to install a permanent patch in accordance with the "Town of Acton Specifications for Regulating Construction Within Public Ways" before we can release the performance deposit.

The request from Northwest Development also asks for a review of the cash bond for Randal Road. We are unable to respond to this request since there is no Town road by this name in Acton.

Please let me know if you have any questions or need additional information regarding this matter.

Sincerely,

Corey S. York  
Engineering Assistant

RE: Request for Bond Adjustments

Dear Mr. Bartl:

We kindly request your review of the following bonds in consideration of their reduction. If you have any questions, please do not hesitate to call.

1. Concord Rd.: Road Opening Cash Bond
2. Randal Rd.: Cash Bond

Thank you for your attention to this matter.

Dear Ron:

We have inspected the work relative to release of the performance deposits on the list of Permits to Construct Within a Public Way that you sent to our office on 11/17/99. Based on our inspections, we have the following to report:

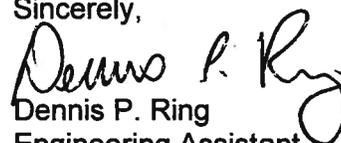

Permit # 96-58 – Piper Road at Farmstead Way - \$3000.00 – All work is complete and the order to release the bond has been forwarded to the Treasurers Office.

Permit # 98-97 – 191 Newtown Road - \$500.00 - All work is complete and the order to release the bond has been forwarded to the Treasurers Office.

Permit # 98-89 – Concord Road at Concord Place - \$1500.00 – The patch over the water service connection is not a permanent patch. The edges were never sealed and it has settled. This patch should be replaced in the spring, and the work should be coordinated to coincide with the final paving of Concord Place.

Please let me know if you have any questions or need additional information on these permits.

Sincerely,

  
Dennis P. Ring  
Engineering Assistant

RE: Request for Bond Release

Dear Mr. Bartl:

Please accept this as our request for your release of the cash bond at Farmstead Way (Concord Place) in the amount of \$1,500.00, which was originally placed with the Town of Acton on October 29, 1998 by Northwest Structures, Inc. for the road opening.

Thank you in advance for assistance in this matter. If you have any questions or need any further information, please do not hesitate to contact me.
